"Angel's Truth is a story well told with convincing characters, excellent dialogue, and a surprising twist along the way. This book is a very good read which I couldn't put down till finished. The courtroom dialogue was exceptional. Worth your time to read."

★★★★★ Page Turner

"I have lived in Sugar Land and the characters were very believable despite being labeled as fiction. The book touches on issues of concern in our society today. Once I got into the story, I couldn't put the book down."

★★★★★ A real page turner
